# **Curriculum Policy Addendum in response to Covid-19**

This addendum will be reviewed in response to local and national guidance and procedures and revised as required.

From 15<sup>th</sup> June 2020 the Academy will be extending the provision currently offered to vulnerable children and the children of Key Workers to include face to face time with students in Years 10 and 12.

Whereas our ethos and principles remain unchanged there are some practical changes to our daily routines in order to safe guard all members of the school community.

Policy Update during Covid-19 Pandemic.

# 1. Aims

We intend to fulfil the Mercy education vision and ethos via our curriculum provision.

Our educational vision is:

- Christ centred;
- faith enlightened;
- shows concern for the poor especially women and girls;
- builds communities;
- pursues excellence.

## • **Christ centred**

Education is informed and influenced by the teaching and example of Jesus Christ, which recognises the dignity of the human person and his command to love and care for each other. Mercy education aims to build up the self-worth and self-esteem of the student. The Mercy school community embodies caring and belonging. It does not just regard the academic and sporting stars, but all students through truly personalised learning.

## • **Faith enlightened**

Faith, culture and life are brought into dialogue and harmony within the Mercy School. Catherine McAuley stated, "We fit the children for earth without unfitting them for heaven". The Roman Catholic faith underpins the work of the Mercy school and its improvement planning for the 21st century. The catholic faith is at the heart of Mercy education programmes through all aspects of the work of the community and integral to liturgies, rituals, symbolism and prayer spaces.

## • **Shows concern for the poor particularly women and children.**

In the Mercy school the aim is to work with the world-wide community to eradicate suffering and its causes. Compassion is the energy that drives members of the community to search for justice for those on the margins to allow them to establish a sense of belonging. Asylum seekers, internally displaced, trafficked women, those who live in absolute poverty and those who suffer from hunger. Mercy schools should not be schools where the poor may be marginalised. They should be schools where we encourage all students to question the status quo, be active for social change and promote the full participation of women in the development of policy and support equality of opportunity for both without diminishing or demeaning any gender.

## • **Pursues excellence.**

The Mercy school should enable every student to achieve her potential within a school committed to high quality teaching and learning and ongoing review of itself. The highest standards should be available to the poorest students. Respect should be at the heart of all relationships in the school community. The Mercy school should feature inventiveness not conformity. It should be open to new perspectives and new answers to old questions.

## • **Builds communities.**

The Mercy School shows a social responsibility to the world we inhabit. The school community is what makes the school catholic and a community permeated with the gospel value of love. Parents, staff and students share a common vision. There should be genuine opportunity for participation and collaboration. There should be clear message of warmth and welcome. Links with other faith communities should be strong. We find ourselves in fragmented multi-cultural societies. People should reach out with generosity to others within, and beyond, the community. Many people live in a broken world. The Mercy School should try to create a world where everyone can live lives of dignity and decency with respect for life and care of the earth.

St. Anthony's is an academy where every student really does matter. The academy exists to provide all students with a high-quality learning experience within an educationally stimulating, supportive and safe environment. We aim to provide the "best for every student" and to ensure that students leave St Anthony's well prepared for success in all aspects of their future lives. We have high expectations of students and seek to develop the skills, attitudes and abilities within them which will enable them to achieve their life goals.

### **Curriculum Vision**

Our goal is for all pupils to leave St Anthony's Girls' Catholic Academy well prepared for future success, and happiness, in all aspects of their lives. Our academy is committed to developing a learning community which is safe, purposeful, challenging and fosters mutual respect between all members. High quality teaching enables students to enjoy their learning, achieve their potential and develop as individuals. For this to occur students need stimulating lessons which:

- improve knowledge, skills and understanding;
- endeavour to overcome barriers to learning;
- make clear to pupils the next steps to further improvement and
- promote behaviour conducive for all to learn.

Opportunities will be provided for all students to receive appropriate levels of challenge and support, to broaden their cultural, social, sporting and technological horizons, to develop independence and to be prepared for living and working in a diverse, and fast changing, 21st century global society.

Teaching and learning are the core tasks of the school; as a Mercy Academy we commit to ourselves to placing this key aspect of our work at the heart of our efforts to continually improve provision and raise standards. As members of a learning community we are vitally concerned with the learning experience of our students. We are committed to improving our capacity to plan and provide a positive learning experience that will encourage our students to engage with their learning, to enjoy their learning experience and to reach their potential.

The quality of the lessons that students enjoy will be a powerful determinant of the progress that they make. We have committed ourselves to establishing a common expectation of what a lesson in St. Anthony's will be like. There is a common expectation of what constitutes a "good" lesson at St. Anthony's and an "outstanding" lesson.

We are committed to working with colleagues (within and beyond our community) to continually improve the quality of our provision in the classroom as part of our partnership work and teaching school work. We are committed to having classroom practice assessed against clear known criteria and evaluated by line, and senior, managers.

We are delighted that teaching and learning was considered, "Outstanding" in our OfSTED Inspection (2013) and in our Diocesan Inspection (2018).

# Introduction to the “Policy for Teaching and Learning in St. Anthony’s”

This section presents out core beliefs and considers learning from a whole school perspective. The statements, in this evolving document, underpin our work as teachers and contribute to variety of levels to raising standards and to promoting effective learning for all students and groups of students.

## Policy for Teaching and Learning

### Core Beliefs

- Teaching and learning are **the core tasks of a school** and we commit ourselves to placing this at the heart of our efforts to continually improve provision and raise standards.
- As members of a learning community we are vitally concerned about planning, providing, monitoring and evaluating the learning experiences of students so that they may strive to reach their potential.

### Key Commitments

- We are committed to developing the curriculum, in line with changing needs and expectations, in order to ensure that all groups of students have opportunities for learning that meet their need and aspirations.
- We are committed to developing quality opportunities for information, advice and guidance so that all students are aware of the learning opportunities available to them at different stages and are able to make informed choices regarding the learning pathways best suited to their needs and aspirations at key transition points.
- We are committed to establishing, maintaining and developing a policy for supporting behaviour for learning that will allow students and staff to work in an orderly and supportive environment where learning can be a positive and enjoyable experience.
- We are committed to providing challenging opportunities for learning at all levels for all students and groups of students, particularly disadvantaged students, where all can reach their full potential.
- We are committed to planning teaching and learning activities that will promote learning, engage learners and make learning enjoyable.
- We are committed to monitoring provision for learning, including management structures, at whole school, department and pastoral team level to ensure that we provide the most effective support for learning for all students and groups of students.
- We are committed to supporting the progress of all students and groups through the use of data regarding prior attainment to set personalised targets; and robust and regular internal assessment to monitor progress towards these targets, intervening where necessary.
- We are committed to working with other colleagues to continually improve the quality of our provision for learning.
- We are committed to identifying and maximising opportunities for learning in a variety of learning contexts outside the classroom.
- We are committed to working with our students so that they are meaningfully involved in their learning experience and can understand the point of their learning, are aware of where they are in their learning journey and understand clearly their strengths and areas for development.
- We are committed to providing learning opportunities that will develop in our students the skills and qualities that will allow them to grow as autonomous learners and prepare them for life-long learning.
- We are committed as reflective practitioners in a community of learners to reviewing our practice and to identifying professional development opportunities that will help us to do this.
- We are committed to establishing, maintaining and developing a clear baseline expectation of what a good lesson in St. Anthony’s should be like.

- We are committed to having classroom practice assessed against known criteria by line and senior managers so that good practice can be identified and disseminated and areas for improvement addressed.
- We are committed to using our resources effectively so that we can make the best provision possible for quality teaching and learning to take place.
- We are committed to adapting our practice in line with changing expectations and new local and national initiatives which will further enhance existing provision.
- We are committed to taking every opportunity to develop literacy, numeracy and communication skills.

## **2. Legislation and guidance**

This policy reflects the requirements for academies to provide a broad and balanced curriculum as per the [Academies Act 2010](#), and the [National Curriculum programmes of study](#) which the school has chosen to follow.

It also reflects requirements for inclusion and equality as set out in the [Special Educational Needs and Disability Code of Practice 2014](#) and [Equality Act 2010](#), and refers to curriculum-related expectations of governing boards set out in the Department for Education's [Governance Handbook](#).

Our policy complies with our funding agreement and articles of association.

### **3. Roles and responsibilities**

#### **3.1 The governing board**

The governing board will monitor the effectiveness of this policy and hold the Headteacher to account for its implementation.

The governing board will also ensure that:

- a robust framework is in place for setting curriculum priorities and aspirational targets;
- the academy is complying with its funding agreement and teaching a "broad and balanced curriculum" which includes English, maths, and science, and enough teaching time is provided for students to cover the requirements of the funding agreement;
- proper provision is made for students with different abilities and needs, including children with special educational needs and disabilities (SEND);
- all courses provided for students below the age of 19 lead to qualifications, such as GCSEs and A-levels, are approved by the Secretary of State;
- the school implements the relevant statutory assessment arrangements;
- it participates actively in decision-making about the breadth and balance of the curriculum;
- pupils from year 8 onwards are provided with independent, impartial careers guidance, and that this is appropriately resourced.

#### **3.2 Head Teacher**

The Head teacher is responsible for ensuring that this policy is adhered to, and that:

- all required elements of the curriculum, and those subjects which the school chooses to offer, have aims and objectives which reflect the aims of the school and indicate how the needs of individual pupils will be met;
- the amount of time provided for teaching the required elements of the curriculum is adequate and is reviewed by the governing board;
- they manage requests to withdraw students from curriculum subjects, where appropriate;
- the school's procedures for assessment meet all legal requirements;
- the governing board is fully involved in decision-making processes that relate to the breadth and balance of the curriculum;
- the governing board is advised on whole-school targets in order to make informed decisions;
- proper provision is in place for pupils with different abilities and needs, including children with SEND.

## 4. Curriculum Implementation

St Anthony's is a Roman Catholic Academy where RE is a timetabled subject and the Mercy ethos pervades the entire life of the school. All pupils in every year group take part in a daily Act of Worship, prayers in class, liturgy, assembly, opportunities for retreat/reflection, etc.

### Key Stage 3

At KS3 we aim to provide a balanced, broad, differentiated and appropriate curriculum is secured for each pupil in ability bands, or mixed ability groups. We ensure that there is continued preparation for Key Stage 4, Advanced level study, Further and Higher Education and working life.

The National Curriculum is delivered in all ten foundation subjects at KS3, and the entitlement to a balanced, broad, differentiated and appropriate curriculum is secured for each pupil in ability bands, or mixed ability groups.

On joining the school, pupils are placed in one of seven mixed ability form groups. They are also placed in one of three bands, Walsingham, Fatima and Lourdes. This is based upon KS2 scores, primary school teacher assessments, reading age tests and all other information available from primary schools and other reliable sources. Students are taught in these bands for science, modern foreign languages, geography and history and RE (Religious Education).

English and Mathematics are taught in sets from Y7 to Y9 based upon the three bands. History, geography, science, RE and MFL (Modern Foreign Languages) are also taught in sets based upon three bands. In Y7, 8 and 9 music, technology, food, art, PE (Physical Education), CEIAG (Careers Education Information Advice and Guidance) and computing lessons are all taught in mixed ability groups.

In KS3 a key part of the CEIAG programme is devoted to individual student guidance with regard to option choices and progression routes. Students get one hour a week in years 7,8 and 9. Within part of Year 7 and 8 lessons, "reading for pleasure," is incorporated within the first 15 minutes of the lesson.

Within each key stage personal, social and health and economic education (PHSE) is delivered each day via the tutor during 11.00-11.20am tutor time. It is also delivered within the CEIAG, Science, Technology and Physical Education and RE programmes. Sex and relationships education is delivered in Year 9 as a module within PE and also within RE and Science education. This team is led by a PHSE co-ordinator. The PE Department also deliver education regarding, "growth mindsets" ie. developing talents.

In addition to class music lessons, individuals within small groups are taught piano, voice, guitar, percussion, strings, woodwind and brass. Parents contribute to this service and the academy contributes for tuition for pupils in receipt of pupil premium. Associated Board Music examinations and London College of Music Musical Theatre examinations are available.

In addition to class PE lessons, individuals and small groups work towards certification in individual sports e.g. skiing certificates, gymnastics awards or similar.

## Key Stage 4

At KS4 we aim to provide a balanced, broad, differentiated and appropriate curriculum for each pupil in ability bands and mixed ability groups. We ensure that there is continued preparation for Advanced level study, Further and Higher Education and working life.

The KS4 curriculum is made up of “core” subjects including:

- RE;
- English and English Literature;
- Mathematics;
- PE;
- Science: Core Science, Additional Science or separate sciences (Biology/Chemistry/Physics)
- MFL (a small cohort will study Photography in place of MFL);
- Technology (a choice of material area is provided either Food Technology or Product Design. Within Product Design a choice of Textiles or Product based work is available);
- Careers Information Advice and Guidance, Citizenship, Sex and Relationships Education, Drugs Education and Finance education;
- Within the key stage 4, PHSE is delivered each day via a tutor in the 11.00-11.20am tutor slot with Sex and Relationships Education being delivered in Year 10 and 11 as a module within PE, and also within CEIAG, RE and Science;
- Geography and/or history are “core” subjects for E-Baccalaureate students. E-Bacc students, consequently, have one available “option” choice.

In addition, all students build their learning portfolio by choosing at least one of the following optional GCSE subjects:

- Art and Design
- Computer Science
- Second Modern Foreign Language – French/Spanish
- Geography
- History
- Music
- PE

All courses run subject to sufficient numbers of students opting for these courses.

We also offer vocational courses in:

- BTEC First Award in Child Development;
- Cambridge National Certificate in Enterprise & Marketing.

## Key Stage 5

St Anthony's and St Aidan's Catholic Sixth Form website ([www.aaasixthform.com](http://www.aaasixthform.com)) sets out the courses offered and a summary of the specifications, course entry requirements and possible careers. The sixth form timetable is the outcome of a highly proactive strategy, which has at its core, guided student subject choice. Curricular breadth was achieved without sacrificing subject teaching time. The curriculum includes a weekly RE course for all students and weekly CEIAG lessons for all students. It also offers a work experience programme for those who require it and CORE Mathematics for those studying numerate subjects. GCSE English and Mathematics are also offered for those who have not achieved at least a grade 4 at GCSE. Alongside the curriculum an extensive and diverse enrichment opportunities are provided. We offer over 35 subjects in sixth form and the website [www.aaasixthform.com](http://www.aaasixthform.com) should be consulted for more information.

Those students studying A levels with a high mathematical content eg. Geography/Geology/Biology/Chemistry/Physics/Psychology/Economics/Computing must also study an additional qualification. This may be AS/A2 Mathematics or a Certificate in Mathematical Studies (Core Mathematics).

## 5. Inclusion

Teachers set high expectations for all students. They will use appropriate assessment to set ambitious targets and plan challenging work for all groups, including:

- able and talented pupils;
- pupils with low prior attainment;
- pupils from disadvantaged backgrounds;
- pupils with SEND;
- pupils with English as an additional language (EAL) and
- vulnerable pupils.

Teachers will plan lessons so that pupils with SEND can study every National Curriculum subject, wherever possible, and ensure that there are no barriers to every student achieving.

Teachers will also take account of the needs of students whose first language is not English. Lessons will be planned so that teaching opportunities help pupils to develop their English, and to support pupils to take part in all subjects.

Further information can be found in our equality statement. SEND policy, Pupil Premium policy, EAL advice and guidance etc.

## 6. Measuring Curriculum Impact

Governors monitor whether the school is complying with its funding agreement and teaching a “broad and balanced curriculum” which includes the required subjects.

Effective monitoring and evaluation of the work of the Academy is of vital importance to the successful development of the school. It is important for all members of the school community to know that:

- all school policies are being put into practice;
- current practice is effective;
- policies are effective in realising the school aims and
- new developments and ideas are improving the work of the school.

Monitoring, reviewing and evaluation have been built into the day to day life of the school using a wide range of monitoring and evaluation techniques. Much staff monitoring of is built into the school’s Performance Management system. However, there are clear links between the PM system and the overall monitoring and evaluation process in the school which includes learning walks, student voice, work scrutiny, lesson observation, data monitoring etc.

Effective monitoring and evaluation requires active participation of all staff in the life of the school. It is led by the Senior Leadership Team. SLT monitoring and evaluation is informed by the Extended Leadership Team, Pastoral Teams and Subject Teams.

Monitoring, review and evaluation must take place within all management structures within the school.

Meeting monitoring and evaluation deadlines should be at the forefront of staff priorities. Post-holders must ensure that at least one week’s notice is provided to teams when information is required.

### Academy Review 2018-19

As part of our on-going monitoring and evaluation the SLT undertake an annual review to prepare all staff for external evaluation and as part of our on-going self-evaluation.
