

What Specialist resources and services are available at or accessed by the School?

The academy recognises the important contributions that external support services make in assisting to identify, assess, and provide for our SEN Pupils.

When it is considered necessary, colleagues from other support services will be involved with SEN pupils. These agencies include:

- The Specialist Support Team for Children with Physical and Medical Needs
- Educational psychologists
- Parent Partnership Service
- School Nurse, Consultants, GP's etc.
- Speech and Language therapists
- Physiotherapists
- Occupational therapists
- Advisory teaching services for children with sensory impairment
- The Autism Outreach Team
- Children and Young People's Service (CYPS)

In addition, important links are in place with the following organisations:

- The Connexions Service
- Attendance Development Officer
- Social Care
- Other relevant groups or organisations e.g. The ME Society.
- Local Colleges
