

In Politics we guide and inspire pupils through drawing on the academic principles of political theory and ideologies. Our curriculum allows all pupils to reach their potential both academically and socially, as well as encouraging our pupils to be politically aware and active. Our teaching is always informed by the most up to date political events and pupils are encouraged to interact with political journalism to make sure they are well informed on current affairs. Pupils develop a wide range of transferable skills which help to prepare them for the next step in their academic career.
