

## **How will I be informed about my child's progress?**

There are parents/carers evenings for all students, and reports on key assessments are sent home to parents/carers termly. The Academy celebrates our students' successes with our postcard reward system which enables parents and carers to see the areas their daughter(s) are achieving highly in. • Parents/carers are able to make other appointments with specific staff upon request

- Regular communication between the Academy and home will ensure that concerns are promptly acted upon
- Parents/Carers may also be invited to celebrate their child's success at our end of year Awards Ceremonies
- Students with an Education Health Care Plan or Statements of Special Educational Need will have a formal annual review of their plan. This meeting will include the child (if appropriate), parents/carers and any other professionals working with the child
- All parents and carers of students with SEND and disabilities are invited to termly SEND reviews (where a student is registered as SEND support or has an EHCP). Parents of all students are also invited to attend annual parent consultation evenings. Parents are encouraged to communicate any concerns or potential issues with the form tutor, Year Leader or SENDCO. Where a parent is unable to attend a face to face meeting in school alternative meetings are arranged via the telephone or TEAMS to remove any barriers there may be for parents to engage with school staff ensuring concerns are addressed as quickly and efficiently as possible.
- Students are invited to contribute the review process. This enables the Academy to be actively involved in capturing student voice as part of our SEN provision. Student voice ensures that students have a say in their own educational careers.
