

Philosophy Curriculum Map

In Philosophy we **guide** and **inspire** pupils through drawing on the academic disciplines of **theology, philosophy** and **ethics**. Our curriculum allows **all** pupils to reach their potential both academically and socially as well as encouraging our pupils to live a **righteous** life through the **values** and **teachings** modelled by **Christ**. Our pupils draw upon a diverse range of **religious and secular** viewpoints to enhance their understanding of the **world** we live in. Through examining **scripture, ethical thought** and **philosophical investigations** pupils gain the skills and opportunities to **reflect** on their own **philosophical and academic** journey.
