

Module 1	Module 2	Module 3
<p>Learning Intent for this module:</p> <p>Precision: ‘Perform the components of skills and refine the techniques for accuracy.’</p> <p>Students build on and embed the core skills that they have learned in Y7. They develop their techniques to make them more precise across a range of team games, individual games and health-related fitness. Students will be physically active for sustained periods of time. They develop knowledge of the fitness requirements for different team games and the importance of leading healthy, active lives. Students’ motivation and opportunities to engage in competitive sports and activities to enable participation in extra-curricular or community-based sport continues to be developed.</p>	<p>Learning Intent for this module:</p> <p>Precision: ‘Perform the components of skills and refine the techniques for accuracy.’</p> <p>Students continue to build on the core skills that they have learned in Y7 by developing precision across a broad range of aesthetic activities and team games. Students will be physically active for sustained periods of time. They develop knowledge of the fitness requirements for different aesthetic activities and the importance of leading healthy, active lives. Students’ motivation and opportunities to engage in competitive sports and activities to enable participation in extra-curricular or community-based sport continues to be developed.</p>	<p>Learning Intent for this module:</p> <p>Precision: ‘Perform the components of skills and refine the techniques for accuracy.’</p> <p>Students continue to build on the core skills that they have learned in Y7 by developing precision across team games, individual games and athletic activities. Students’ motivation and opportunities to engage in competitive sports and activities to enable participation in extra-curricular or community-based sport continues to be developed.</p>
<p>Key Content to be learned:</p> <p>Develop knowledge and precision in a wide range of skills and techniques in team and individual games in isolated practices and competitive situations.</p> <p>Develop knowledge and understanding of the rules and regulations of different activities and apply them within different contexts.</p>	<p>Key Content to be learned:</p> <p>Develop knowledge and precision in a wide range of techniques in aesthetics activities and team games and be able to lead isolated practices.</p> <p>Develop knowledge and understanding of the rules and regulations of different activities and apply them within different contexts.</p>	<p>Key Content to be learned:</p> <p>Develop knowledge and precision in a wide range of skills and techniques in athletics activities, team games and individual games and be able to lead isolated practices.</p> <p>Develop knowledge and understanding of the rules and regulations of different activities and apply them within different contexts.</p>

<p>Develop and apply tactics and strategies to overcome opponents in direct competition through team and individual games.</p> <p>Develop knowledge of the fitness requirements for different physical activities and competitive sports and investigate fitness testing to determine fitness levels.</p>	<p>Develop and apply tactics and strategies to overcome opponents in direct competition through team games.</p> <p>Develop knowledge of the fitness requirements for different physical activities and competitive sports.</p> <p>Develop more complex techniques and improve performance in aesthetic activities.</p>	<p>Develop and apply tactics and strategies to overcome opponents in direct competition through striking and fielding and individual games.</p> <p>Develop knowledge of the fitness requirements for different physical activities and competitive sports.</p> <p>Develop more complex techniques and improve performance in athletic activities.</p>
<p>Assessment for this module:</p> <p>Students demonstrating a consistent level of precision in a wide range of skills required for successful performance in team and individual games. Selection and application of the correct skills with precision to perform successfully.</p> <p>Application of the rules and regulations and the correct selection of strategies and tactics within the practical context. Knowledge of the main techniques and tactics involved in specific sports.</p> <p>Execute fitness testing methods and identification how each of the components of physical fitness are required to perform well in selected sports. Evaluate performance and justify recommendations to improve.</p>	<p>Assessment for this module:</p> <p>Students demonstrating a consistent level of precision in a wide range of skills required for successful performance in aesthetic activities and team games. Selection and application of the correct skills with precision to perform successfully.</p> <p>Application of choreographic skills, rules and regulations and the correct selection of strategies and tactics in the practical context. Knowledge of the main techniques and tactics involved in specific sports.</p> <p>Performance within a skill practice, routine or choreography followed by an evaluation to improve performance. Demonstration of resilience, a positive attitude towards others and communicate effectively.</p>	<p>Assessment for this module:</p> <p>Students demonstrating a consistent level of precision in a wide range of skills required for successful performance in athletic activities, team and individual games.
