Options – why do they matter?

Directing our students along the best path

It is essential that students embark on a path that not only allows them to reach their potential, but also offers them the opportunity to progress their learning post-16.

Directing our students along the best path

To this end, through careful assessment and evaluation, we will steer the students towards a path that fulfils this aim. We use a range of data to support us in making this decision:

- Performance in languages
- Prior attainment
- KS3 modular assessments
- Performance in core subjects
- Professional judgement of teaching staff

When will I know which route my child will follow?

We plan to let students know which path they will be asked to follow by an email communication to parents on Friday 9th February 2024

Aspiration for all students at St. Anthony's

- A minimum of 5 grades at or above level 5 or equivalent including English & Mathematics
- Grade 6 or better in subjects that students wish to study at Post-16
- Merit or better in vocational subjects that students wish to study at Post-16

Choosing your options - *do choose* courses if...

- They fit your interests
- You think you will enjoy them
- They go well with your other courses
- They link to a career aspiration that you have
- Will support you to continue studying post-16
- Will help you meet entry requirement for courses post-16

Choosing your options - *do not choose* courses if...

- It's just because your friends are choosing the same ones
- You think it will be easier than another course
- You like the teacher that you have now

Viability of Courses

Sometimes, for whatever reason courses may not recruit enough students to make it educationally viable to run.

In these cases we may choose to withdraw the offer of a course.

Equally we may not be able to offer classes in a subject area due to a staffing change.

In these circumstances parent/carers and the student will be informed and will be allowed to re-choose their option choices.
