

Student Destinations

We are really proud of our results year on year. Such outstanding achievements are a result of the extremely high-quality teaching and learning, opportunities and support provided at St Anthony's Girls' Catholic Academy.

A large number of our Year 11 students continue into our sixth form, with some pursuing technical or vocational courses at local colleges. The large majority of our Year 13 students progress successfully to university, with many taking up places at competitive universities. Our students are also successful in gaining apprenticeships or employment with top companies in exciting industries.
